Sheriff Hillestad mentioned that he was unable to be on conference call due to blizzard conditions but addressed the board with a question Sheriff Milstead mentioned expressing some concerns about small counties not having the resources to deal with some of the issues that could be presented. Sheriff Hillestad asked if an oversight committee could address issues as we go. Sheriff Hillstead asked that smaller counties weigh in on this question.

Sheriff Howe posed the question to Staci Ackerman, SDSA executive director, Jim assures us that they understand that and the intent is not to dump a financial burden on the county or obligations on the sheriff. They will use remote resources and other methods to manage these kids.

Sheriff Howe also mentioned we know how hard these are going to be, easier said than done, but Jim specifically assures us this will not be our burden and I can't find anything in the legislation that

indicates he is wrong. Sheriff Thom also addressed the oversight committee and says he will work with any sheriff who has problems with this, not just anecdotal issues but real financial obligations or additional duties and address it.

Sheriff Howe also mentioned that Sheriff Wishard advised him that he was in support of the proposal.
